PARLOR ORGANS.

CARHART & NEEDHAM.

ESTABLISHED 1846.

Are the oldest manufacturers of Improved Reed Instruments in the United States, and are the inventors and patentees of the essential improvements made in this class of instruments up to the present date.

During this long period they have manufactured a vast number of instruments of all styles; *AS AND WHEREVER THEY HAVE BEEN EXHIBITED IN COMPETITION WITH THE INSTRUMENTS OF OTHER MAKERS, THEY HAVE INVARIABLY TAKEN THE HIGHEST PREMIUM.* *CA*

THE LAST TRIUMPH OF CARHART & NEEDHAM.

At the Fair of the American Institute held in New York in 1865, Carhart & Needham received the *Special Gold Medal* over all other reed instruments in competition. The Judges were Dr. Wm. Berge, C. B. Seymour (critic of the *N. Y. Times*), Thomas Appleton, organ builder of Boston, George Jardine, organ builder of New York, and Dr. E. Ringer, an expert.

EXTRACTS FROM THE SEVERAL REPORTS OF THE JUDGES:

From report of Dr. Wm. Berge.

"The quality of the tone is the best I have ever heard; and the number of stops surpassed my expectations. The delicacy of touch and the quickness of speech are remarkable. I consider the Parlor Organ of Carhart & Needham to be the best on exhibition, and entitled to the highest award of the institute."

From the report of C. B. Seymour.

"The undersigned thinks it proper to suggest that Carhart & Needham should receive a Special First Premium for their large Parlor Organ."

From report of Thomas Appleton.

"No. 526 is the best for, 1st, It contains more reeds and of greater variety than any other. 2d, The reeds are placed above the key-board, thereby allowing a greater volume of sound to be heard. 3d, The successful application of the swell which makes this instrument resemble the church organ more nearly than any previous arrangement. 4th, The voicing of the reeds is remarkable, and in the smoothness and quality of tone they resemble pipes more than reeds. *AS The instrument is undoubtedly superior to any ever before constructed with reeds.* *CA*

From report of George Jardine.

Carhart & Needham were the first in the world to discover and demonstrate that vibrating tongues or reeds can descend in the bass with the very finest quality of tone, rich, round and full, of quick articulation and free from windiness, to the 32 foot tone of C. C. C. C."

From report of Dr. Ringer.

"No. 526 is the best for its superior softness, evenness and power of tone, being less ready than in any instrument I have examined. 2d, For the great number of keys of different character of tone, which give the player an almost infinite variety of combinations."

From report of Dr. Ringer.

AWARDS TO MUSICAL INSTRUMENTS.—A Gold Medal was awarded at the late Fair of the American Institute to CARHART & NEEDHAM, for the best reed instrument on exhibition—a most deserved testimonial.

"They are an exceedingly good substitute for an organ, and I can speak of them in the highest terms."

GEO. W. MORGAN.

"I have found them to be the finest instrument of the class I ever saw."

GEO. F. BRISTOW.

"They are entitled to be ranked as the *first and best* among instruments of their class."

WM. A. KING.

"The tone is incomparable, and they are *far in advance* of any other instrument of a similar kind."

CHARLES FRADEL.

CARHART & NEEDHAM manufacture and are prepared to supply promptly, REED ORGANS of every style, for Parlors, Libraries, Halls, Churches, Schools and Lodge Rooms. Gold Medal Illustrated Catalogues sent free.

**Messrs. HURD & HOUGHTON**

Have in Press, and will soon Publish, a small volume of ESSAYS, which promises to be of great interest to the readers and admirers of Shakespeare.

The book is entitled "SHAKSPEARE'S DELINEATIONS OF INSANITY, IMBECILITY, AND SUICIDE;" and is written by Dr. A. O. KELLOGG, Assistant Physician at the State Lunatic Asylum, Utica, N. Y.

Part 1st treats of the *Insane*,—Lear, Hamlet, Ophelia, etc.

Part 2d treats of the *Imbeciles*,—Bottom, Malvolio, Pistol, Bardolph, Nym, Dogberry, Launce, Caliban, etc.

Part 3d, of *Suicide*,—Othello, etc.

These Essays exhibit a phase of the intellectual character of the great dramatist, which has been little considered hitherto, and one of great interest; and from the high encomiums bestowed upon them as they have appeared from time to time in the "American Journal of Insanity," during the past few years, we predict a rich treat for the lovers of Shakespearean literature, and a large demand for the book.

**A NEW ILLUSTRATED PAPER.**

The undersigned have the pleasure of announcing that on the 4th of June they will issue the first number of a New Illustrated Journal, to be called

**"THE MIRROR OF THE TIMES."**

Though there are already a large number of Periodical Publications of the kind we propose to issue, and there is, therefore, no positive necessity for the establishment of another, still, we intend to fill a vacancy in this connection which has long been felt, to the injury of many meritorious sheets.

It is impossible at the present time to obtain any paper of the least merit, for less than Three Dollars per annum, and an illustrated one for not less than Four Dollars. Our intention is, therefore, to issue a Journal of the same size as "Harper's," or "Frank Leslie's," the contents of which shall be equal to theirs in merit, and to charge but half of their price, namely, Two Dollars per year. We shall aim to present a weekly history of passing events, illustrated by woodcuts in the highest style of the art, and interspersed with Original Novels, Romances, Tales, Adventures, Concise Biographies, Laughable Anecdotes, Wit, Humor, Squibs, Inimitable Caricatures, Literary, Personal and Scientific Items, etc., etc.

In thus charging so small a sum for their paper, the Publishers of the "Mirror of the Times" expect to be rewarded with a Subscription List, which shall amply remunerate them for their necessary outlay of both "Mind and Matter."

Subscription Price for one year, \$2.00.
